M Synthesis

Synthesis is a contemporary collection with a basic design, where the purity of the lines is conveyed through an elegant combination of teak and hand-woven WaProlace® synthetic fibre.

Craftsmanship and attention to detail are the distinctive traits of the many products in the collection.

IT Synthesis è una collezione contemporanea dal design essenziale, dove la purezza delle linee viene raccontata attraverso l'elegante connubio di teak e fibra sintetica WaProlace® intrecciata a mano. La lavorazione artigianale e la cura del dettaglio sono i tratti identificativi di cui si compongono i molteplici prodotti della collezione.

FR Synthesis est une collection contemporaine au design sobre offrant des lignes pures, grâce à l'alliance élégante du teck et la fibre synthétique WaProlace® tressée à la main.

La fabrication artisanale et l'attention au détail caractérisent les nombreux produits de cette collection.

The wide mesh weave of the fibre combines functionality and aesthetics in a discreet, sophisticated pattern designed to harmoniously complement the natural space.

IT L'intreccio a maglie larghe della fibra coniuga funzionalità ed estetica in un motivo discreto e sofisticato, concepito per adattarsi armoniosamente con lo spazio naturale.

FR Le tressage à larges mailles de la fibre conjugue fonctionnalité et esthétique dans un motif discret et raffiné, conçu pour s'intégrer harmonieusement à l'espace naturel.

The lounge armchair, featuring a square, oblique leg that renders it stable, a slightly curved backrest attached to the seat, providing continuity, and handles on the side that allow it to be moved and stacked easily.

IT La poltrona lounge è caratterizzata da gamba squadrata e obliqua che la rende stabile, uno schienale leggermente curvo che si unisce alla seduta dando continuità e maniglie a lato per spostarla e impilarla con facilità.

FR Le fauteuil lounge présente des pieds carrés et obliques qui renforcent sa stabilité, un dossier légèrement incurvé qui s'unit à l'assise et la prolonge ainsi que des poignées latérales permettant de le déplacer et de l'empiler avec facilité.

The slatted top and the squared teak legs lend a compact solidity to the pouf.

IT Il piano in doghe e il piedino squadrato in teak conferiscono una solidità compatta al pouf.

FR La base en lattes et les pieds carrés en teck assurent la solidité du pouf de forme compacte.

The armrest with amply spaced teak slats emphasises the welcoming, wide seat of the armchair with short, square legs and an adjustable fibre backrest, like the one on the lounge and the folding deckchair.

IT Il bracciolo con doghe in teak ampiamente distanziate, sottolinea l'accogliente e ampia seduta della poltrona dai piedini squadrati e corti e lo schienale regolabile in fibra, come quello del lettino e della sdraio pieghevole.

FR L'accoudoir composé de lattes en teck très espacées vient compléter l'assise large et accueillante de ce fauteuil aux pieds carrés et courts et au dossier réglable en fibre, comme celui du transat et de la chaise-longue pliable.

Synthesis is characterised by its versatility and ability to adapt to multiple living solutions. Thanks to the use of fine materials and careful workmanship, the collection transforms each room into an elegant, sophisticated and contemporary landscape.

The low armchair alternates squared shapes, like those of the legs, with other rounded and curvilinear ones, like those of the backrest and seat, which instil a pleasant sensation of comfort. The seat is completed by a soft, comfortable cushion with a fully removable cover.

IT La poltroncina bassa alterna forme squadrate nelle gambe, ad altre tondeggianti e curvilinee nello schienale e seduta che infondono una piacevole sensazione di comfort. La seduta è completata dal cuscino morbido e confortevole con rivestimento interamente sfoderabile.

FR Ce fauteuil bas alterne des formes carrées, comme celle des pieds, et des formes rondes et curvilignes, comme celles du dossier et de l'assise, qui offrent une agréable sensation de confort. L'assise large est ornée d'un coussin totalement déhoussable, souple et confortable.

From the sofa to the lounge, from the chair to the coffee table and from the armchair to the alcove, it is the perfect mix of living, relaxing and dining.

IT I lettini sono regolabili da entrambi i lati, pensati per rispondere alle molteplici esigenze abitative.

FR Les transats, réglables de chaque côté, sont conçus pour s'adapter aux divers besoins des espaces d'habitation.

The alcove is a truly welcoming and enveloping environment. Both ends are designed to allow its use to be fully customised. The height is adjustable and can be converted into a comfortable backrest. The curtains design the exterior, filtering the sun and creating continuity between the interior space, the surrounding environment and those inhabiting it.

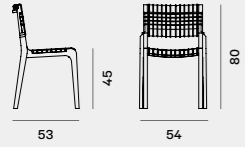

IT L'alcova costituisce un vero e proprio ambiente accogliente, e avvolgente. Entrambe le estremità sono pensate per lasciare piena personalizzazione nel suo utilizzo. L'altezza è regolabile e trasformabile in un comodo schienale. Le tende disegnano l'esterno, filtrando il sole e creando un continuo dialogo tra lo spazio interno, l'ambiente circostante e chi lo abita.

FR L'alcôve offre un cadre accueillant et chaleureux. Les deux extrémités sont conçues de manière à permettre une totale personnalisation de son utilisation. PROGETTI E PREVENTIVI

Il mondo delle strutture Unopiù è estremamente ricco e complesso e una conoscenza approfondita delle soluzioni tecniche e costruttive consente di esprimerlo al meglio.

Il catalogo può rappresentare solo in parte le infinite possibilità di costruzione e personalizzazione e l'ufficio tecnico Unopiù è pertanto a disposizione dei nostri clienti per suggerire la struttura più adatta ad ogni specifica situazione, personalizzarla con i giusti accessori, adattarla alle misure dell'ambiente in cui verrà inserita e fornire un preventivo dettagliato.

Avvertenza:

Il colore dei prodotti presentati nel Catalogo può risentire sia delle condizioni di luce in cui sono state effettuate le foto, sia della qualità di stampa. Unopiù si riserva il diritto di apportare modifiche o variazioni ai prodotti durante l'anno. È vietata la riproduzione totale o parziale di testi, foto e illustrazioni, salvo autorizzazione scritta della direzione di Unopiù S.p.A.
